

Blue/White Card (WA Construction)

Construction Induction Blue/White Card ONLINE or FACE TO FACE Training

The Blue/ White Card (Construction Induction) is available as either face-to-face or online training and enables employers and employees to work legally on building and construction sites. This course contains general information on OHS laws, obligations and responsibilities required before undertaking designated work tasks on any construction site.

On successful completion participants will receive a WA White Card and a Statement of Attainment for 'CPCCOHS1001A Work safely in the construction industry'.

Content

- Identify OHS legislative requirements
- Identify construction hazards and control measures
- Identify OHS communication and reporting processes
- Identify OHS incident response procedures.

AVELING also offers organisations group bookings, bulk billing and private courses.

From the 1st Sept 2009 across all States and Territories, including here in WA, both types of WA cards (Blue or White) are accepted by the regulatory authority as evidence that induction training has been completed.
