

# Fire Safety

## Hands On Fire Safety Training

AVELING's two-hour Fire Safety Training involves hands on practice with real fire, a portable fire extinguisher and fire blankets. Portable fire extinguishers can save lives and property by putting out or containing fires within the capability of the extinguisher.

## Clean, Safe and Effective Fire Extinguisher Training

Through innovative technology, AVELING's Fire Training System provides clean, safe and cost effective extinguisher training without dry-chemicals or CO2.

## Mobile Fire Safety Training

AVELING can provide training at our facilities or we will come to your site and office. Using our state-of-the-art equipment we can offer hands-on real fire fighting training at your work site. If you are in an office, we can use our electronic fire simulator to practice techniques.

## Certification

On successful completion a Statement of Attainment will be issued For "PRMPFES05B Use Portable Fire Fighting Equipment" from the Asset Maintenance Training Package.

## Assessment Only/Recognition of Prior Learning Pathway

People can apply for Assessment Only/Recognition of Prior Learning Pathway if they think they already have the experience relevant to the Unit of Competency or qualification. To find out how the Assessment Only/RPL process works, please contact AVELING.

*Real fire, Fire extinguisher & Fire blankets*

## Convenient Location with Ample Free Parking

The "Operating Portable Fire Fighting Equipment" course is held weekly at our Bassendean training venues.
