

OHS for Managers and Supervisors

Overview

This course is designed for managers and supervisors involved in the implementation and management of the company's Occupational Health and Safety (OHS) program. Participants will learn their statutory OHS responsibilities.

Intended for

Supervisors, team leaders and managers without any formal OHS training who need to understand their OHS obligations.

Learning Outcomes

- Understand the importance of OHS policies and procedures
- Identify hazards and assess risks
- Implement procedures for controlling risk
- Monitor OHS record systems

Qualification Pathway

Candidates have the option of completing a work based project covering a unit of competency that can contribute to the achievement of a Certificate IV or Diploma qualification.

- Certificate IV in FLM
 - BSBOHS407A Monitor a safe workplace
 - BSBRK401A Identify and apply risk management processes
- Diploma of Management
 - BSBOHS5509A Ensure a safe workplace

Certification

A Certificate of Participation will be issued at the end of the course.

On successful completion of a work based project, a Statement of Attainment will be issued for the Unit of Competency outlined above from the BSB07 Training Package.

Contact AVELING for more information about the Recognition of Prior Learning (RPL) or assessment process.
